Benefits of Going Through the Sheet Metal Workers Local 80 Training Program

- Sheet Metal Workers trained in our school are future Supervision and possible owners of our industry.
- Union Sheet Metal Workers are trained to industry standards in all aspects of our trade.
- Union Sheet Metal Workers skills are more flexible than the skills of their non-union counterparts.
- Our highly skilled and trained members can get the jobs done “on time and under budget”.
- Every Journeymen that goes through our accredited Union Apprenticeship Program is certified with an OSHA 30 hour card.
- Our training facility offers continuing education and safety training to all of our members.
- Unilateral skills directly relate to higher team morale.
- Union members have the ability to travel across the country for work if the need is there.
